

Custom metal garage · Delivered and installed · Factory-direct pricing

You don't need the full amount in cash today.

Place a 10–20% refundable deposit to lock today's factory-direct price. Check third-party loan options in minutes. Pay the rest after installation for most orders.

We don't lend in-house. That keeps pricing simple: funds go to you, and you pay us like a cash customer.

- No home equity, no appraisal, and no lien on your house
- Terms up to 30 years so the monthly payment can stay lower
- Loan amounts from a few thousand dollars up to \$300,000
- Credit often considered in the low 600s
- Can cover the building plus extras like a slab or permits

Example only, not a quote: about \$181 a month for a \$15,000 loan at 7.8% over 10 years.

free delivery & install

Design it. Lock the price. Pay after install.

Use our free 3D builder to design a garage, carport, or metal building. Place a small refundable deposit. If you finance through HFS, funds come to you — then you pay Alan's Factory Outlet like a cash customer.

Order online or call 1-800-488-6903Monday–Friday, 8–6 Eastern · How it works: alansfactoryoutlet.com/financing

HFS Financial is not a lender or a broker (NMLS / MD CSB #1680766). The information you provide to HFS Financial is not an application for a loan from HFS Financial. HFS Financial does not endorse, warrant or guarantee service or products of any lender or broker. This is not an advertisement for credit as defined by 12 CFR 1026.24. Alan's Factory Outlet is not a lender and does not approve loans. Rates, fees, and terms are set by unaffiliated third-party lenders, subject to credit approval, and can change. Not all will qualify. All information is subject to change without notice.

How it works with us

1 Design your building

Use the free 3D builder and place a refundable deposit to lock today's factory-direct price.

2 Check your rate

Scan the code or tap Check Your Rate. Checking a rate does not affect your credit.

3 Funds go to you

If approved, the lender sends funds to your account — not to Alan's Factory Outlet.

4 Pay after installation

Pay the remaining balance after install for most orders. Larger buildings may need a payment when installation is scheduled.

A good fit if...

You own a primary or secondary home in your name and want a garage, carport, or workshop for personal use.

Vacant land, commercial use, or property held in an LLC or trust usually needs a different option.

Good to know

- Advertised mid-7% rates are for well-qualified borrowers. Many people pay more.
- A longer term lowers the payment but costs more interest. You can pay extra anytime.
- HFS is a loan marketplace. The first estimate can change after underwriting.
- Approval is not guaranteed.

EXAMPLE PAYMENT

About \$181 a month

for a \$15,000 loan at 7.8% over 10 years. Example only — not a quote.
