Place a deposit. A small deposit with us locks in today's price while your financing is finalized.

When payments start. Loans: pay the rest after installation like a cash customer. EZ Pay: first monthly payment 30 days after installation.

Check more than one. Different lender networks produce different offers, and rent-to-own is worth comparing against a loan if you qualify for both.

Financing and rent-to-own are offered by independent third parties, not Alan's Factory Outlet. All offers are subject to approval and provider terms. GreenSky promotional plans have special interest and payoff conditions; review your agreement carefully. Credit-score ranges are general guidelines, not approval guarantees.
